Dear Captain Williams:

**REDUCTION IN GEOTECHNICAL SAMPLING - NAS ALAMEDA**

The Department of Health Services (DHS) has reviewed the Navy's request for a reduction in geotechnical sampling for Phases 2B and 3 of the Remedial Investigation/Feasibility Study (RI/FS) at NAS Alameda.

The DHS concurs that the proposed reduction in geotechnical sampling and analyses will not impact the data quality objectives of the RI/FS program.

If you have any questions regarding this issue, please contact me at (415) 540-3816.

Sincerely,

Mark Malinowski
